Kentucky Genius.

This story is told of the firm of Smith & Porter, which later became the well-known H. K. Porter Company. The firm in 1863 built a locomotive for a small railroad running out of Greensburg, Ky. This town is 333 miles below Pittsburgh, Penn., on the Ohio River, and at about the time the delivery was to be made none of the towboats appear to have been available. The river being very low owing to a long drought, and other transportation facilities were not to be had. It was, however, decided by Smith & Porter that the engine should be delivered at the specified time. Mr. Smith obtained a suitable flatboat and placed the machine aboard, and with the help of several men the locomotive was arranged to propel the boat. The main driving wheels were at the rear, and the side rods extended forward, as in many of our modern 4-2 engines. The front ends of the side rods were uncoupled and the rods thrown back so that they extended out behind the engine as far as the leading wheels were ahead of the main drivers. The projecting ends of the side rods were coupled to temporary crank shafts, arranged for the purpose, and on the ends of this shaft were two paddle wheels. The main drivers were jacked clear of the rail and the boiler was fired up. In action the locomotive presented a strange appearance, standing on the dock of a scow, its leading drivers hanging motionless, its 4-2 drivers slowly turning and its reversed side rods working a crank shaft which made a pair of dripping paddles revolve, while the engine solemnly puffed its way down stream. This novel locomotive steambot made the voyage successfully, and furnished a good example of what men of enterprise could do to overcome difficulties 35 years ago.—Locomotive Engineering.

Tragedy Averted.

Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played and havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by A. M. Hughes Drugstore. Price 50c and \$1.00. Trial bottles free.

Joseph Smith, head of the Mormon Church, told the Smoot Investigating Committee that he had not taught polygamy publicly in recent years, but he upheld the doctrine of polygamy and said a violation of the revelations of God upon which the church was founded, would be equivalent to a rejection of God Himself. He has five wives and a large number of children. He says eleven children have been born to his wives since the manifesto against polygamy in 1890. Smith seems very frank and makes startling statements in his answers to the Senators who are investigating the case of Senator Smoot with a view to expelling him from Congress.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nervous, blood and tissue before being expelled from the system. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strengthening qualities. Sold by the Louisa Drug Co. Dr. J. D. Biggs Mgr.

Disturbances of strikers are not nearly as grave as in individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by a cold, or unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest allround medicine for run down systems, Indigestion, Nervousness, Rheumatism and Neuritis and expels Malaria germs. Only 50c, and satisfaction guaranteed by A. M. Hughes Drugstore.

The Independent Farmer.

When the American farmers rise early in the morning it is to look over broad and fertile acres that are his own. When he goes forth it is to fields that no human being can lawfully step upon without his consent. When he gathers the harvest he stores up what, in a vast majority of cases, no greedy and rapacious landlord can take from him. It is all his. Looked at from every point of view, it is doubtful if there is another human being under the heavens who has more cause for carrying a light heart and contented mind, for regarding the past with satisfaction and the future with hope, than the American farmer—Kansas City Journal.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fennor, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 145 to 62 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by the Louisa Drug Co. Dr. J. D. Biggs Mgr.

The telephone operators on the C. & O. have been granted a raise of from \$2 to \$10 per month and extra time Sundays and a vacation of fifteen days annually.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver on the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size 25c; regular bottles, 75c. At all drugstores.

Resolutions of Respect.

Ratcliff, Kentucky. The soul of our brother, neighbor and friend, Charlie Hays, passed away February the 27 1904.

Brother Hays became a member of Ratcliff Lodge No. 111, M.P.S. Sept. 1902, and at all times was true to his obligations. It is proper that his friends, neighbors and brothers should express our appreciation of him as friend and brother and memorialize his worth as a brother.

Resolved, That we deeply sympathize with the loved ones of our departed brother in this hour of great affliction, and commend them to Him who has promised to be a husband to the widow, a father to the orphan and a very present help in trouble.

Resolved, That this tribute is an individual expression, as well as the expression of the entire Lodge of the sense of the great loss we have sustained.

Resolved, That these resolutions be spread upon our record, a copy sent to the Big Sandy News for publication and a copy sent to the family of our deceased brother.

A fierce encounter between torpedo boat flotillas has taken place off Port Arthur, in which the Russians and the Japanese each lost a torpedo boat. Vice Admiral Makaroff transferred his flag to the Novik during the fight and made a bold attempt to save the Russian torpedo boat, but was driven back to port by the Japanese squadron. Subsequently the Japanese bombarded Port Arthur. Admiral Makaroff, in his official report, says three Russians were killed and a score or more wounded in the two engagements. The crew of the sunken Russian torpedo boat, he says, was captured or drowned.

A Severe Cold for Three Months.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Louisa Drug Co.

LAUREL HILL.

Departed this life Feb. 28th 1904 at 10 o'clock a. m. Ellen Hays. She died of consumption. All was done that kind and loving hearts could do but all in vain: she was a good and kind young lady of 16 summers and was loved by all who knew her. It is hard to give one up who is so young and promising, but God's will be done. She will be missed by her school mates. Trust their loss is heavenly gain. She was an orphan child, was raised by her uncle and aunt, Jas. M. and Hannah Skaggs. They have our sympathy.

Wakeliff Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by A. M. Hughes.

DO IT TO DAY.

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Roscoe's German Syrup, which has been in use for thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size 75c. At all drugstores.
